Nonrecurring charges may apply for Service Rearrangements which are administrative changes to existing services which do not result in a change in the minimum period requirements or a change in the physical location of the point of termination at a customer designated premises.

The customer requesting administrative service rearrangements will be responsible for all billing associated with the changes requested.

A nonrecurring charge will apply per DS3 or DS3 equivalent on a first and additional basis for the following change or combination of changes requested by the customer on the same Access Order and will be charged as set forth in Section 20.5.8 (Administrative Charges). (T)

20. MegaLink Custom Services (Cont'd) (M)20.4 Rate Regulations (Cont'd) (T)20.4.3 Monthly Recurring Rates (T)

Monthly recurring rates are charges that apply each month or fraction thereof that MegaLink Custom Service is provided. For billing purposes, each month is considered to have 30 days. (M)

Monthly recurring rates apply to the following rate categories. (T)

(A) Monthly Recurring Rates For Channel Termination

The monthly recurring rates for Channel Terminations are based on the Channel Termination Volume Options and billing periods selected by the customer.

The Channel Termination Volume Options designate the number of DS3s or DS3 equivalents associated with the service. The volume options include quantities of 1, 3, 6 and 12 DS3s or DS3 equivalents. (T)  
(M)

The Channel Termination charge also depends on the channel termination interface selected by the customer. A customer may select an electrical or optical interface. (T)  
(T)

Optical interfaces are provided on fiber facilities. When selecting an optical interface, the customer restates the bit rate (i.e., transmission speed) as an appropriate DS3 equivalent in order to determine the applicable rates. (M)

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.4 Billing Period

- (A) The billing period establishes the amount of time that rates for a service are stabilized by the Telephone Company.

The following billing periods are available for MegaLink Custom Services and associated optional features, BSEs and functions:

Monthly (Temp-DS3) (S)  
Month to Month  
3 year  
5 year  
10 year

One month prior to the expiration of the billing period, with the exception of Temp-DS3, the customer must select one of the following options: (T)

- (1) Renew the service for a specified period of time as provided in this tariff under the regulations, non-vintage rates in effect at the time of expiration of the existing service.
- (2) Elect to disconnect the service upon expiration of the billing period.

If a customer selects neither (1) nor (2) above, the current regulations, non-vintage rates and charges for the Month to Month rate option will be applied upon expiration of the billing period. The customer's existing service will not be subject to the 1 year minimum service period after reverting to the Month to Month rate option.

No nonrecurring charges apply as long as the same number of DS3s are renewed. Any change in the number of DS3s will incur the appropriate nonrecurring charges.

For Temp-DS3 the minimum billing period is one (1) month and the maximum billing period is eleven (11) months. (N)

## ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.4 Billing Period (Cont'd)

- (B) Provided the end points remain the same, a customer may request to convert from MegaLink Custom Service Vintage rates and charges to MegaLink Custom Service rates and charges. All terms and conditions will apply as set forth in 20.1 through 20.5.8.

(T)

With the exception of the Access Order Charge as set forth in 5.3.1, no nonrecurring charges will apply.

A customer must establish a minimum of a 5-year billing period if 5 or more years remain on the existing Vintage billing period. If the existing Vintage billing period is less than 5 years but more than 1 year, a minimum of a 3-year billing period must be established. For an existing Vintage billing period of 1 year or less, a customer must establish a Month-to-Month billing period for a minimum of 1 year.

20.4.5 Minimum Service Periods

Minimum service periods establish the minimum period for which a MegaLink Custom Service or an optional feature, BSE and function will be provided.

The minimum service periods are as follows:

MegaLink Custom Service	1 year
Temp-DS3	1 month
Service Extension	1 year
SecureNet Options	1 year
Central Office Multiplexing	1 month

When a service is discontinued prior to the expiration of the minimum service period, the applicable charge will be the total monthly charges for the remainder of the minimum service period or billing period whichever is greater.

Services which are terminated after the minimum service period and prior to the expiration of the billing period are subject to termination charges as described in Section 20.4.6 (Termination Charges).

If a customer requests a change from a MegaLink Custom Service Vintage billing period to a MegaLink Custom Service billing period, a new minimum service period must be established.

## ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.6 Termination Charges

In the event service is terminated prior to the expiration of the minimum service period, charges, as specified in Section 20.4.5 (Minimum Service Periods), will apply. Termination charges do not apply to Temp-DS3 service. In the event service is terminated after the minimum service period and prior to the end of the billing period, a termination charge utilizing the following termination percentage will apply:

(S)

<u>Billing Period</u>	<u>Termination Percentage</u>
3, 5 or 10 year	20%

The termination charge is based on the volume option selected by the customer.

The termination charge is calculated as follows:

monthly rate x  $\frac{\text{months remaining}}{\text{in billing period}}$  x termination percentage

Example: A customer with a \$5,000 monthly rate terminates service with 10 months remaining in a 3 year billing period. The termination charge would be calculated as follows:

$$\$5,000 \times 10 \times .20 = \$10,000$$

The termination charge would be: \$10,000

If Special Construction applied for the service being terminated, an associated Termination Charge, as set forth in F.C.C. No. 69, Section 2.6.4 (Types of Liabilities and Charges), may apply.

Termination charges will not apply to Channel Terminations and Interoffice Mileage associated with the reterminated DS3 circuit when the DS3 end points involved do not change.

(N)

(N)

Under the following conditions, a termination charge will not apply:

The mileage to be used to determine the monthly rate for the Interoffice Per Mile rate is calculated on the airline distance between the two serving wire centers for a service with two channel terminations, between the serving wire center and the Telephone Company Hub Central Office or, in the case of a Service Extension, between two Telephone Company Hub Central Offices. The serving wire center associated with a customer designated premises is the serving wire center from which the customer designated premises would normally obtain dial tone. (M)
